Dear Himagshu,

I have received your letter No.FEA(SFC)110/2009/109 dated 17th February, 2010 regarding the Fourth Assam State Finance Commission. Though I am generally aware of the work of the State Finance Commission, I would have liked to have a look at the notification constituting the Third State Finance Commission spelling out the job requirement etc of the Commission. I shall appreciate if a copy is sent to me. I suppose the tasks/responsibilities of the Fourth Commission will be the same as those of the Third Commission barring the reference years. If there is any addition/modification you may like to apprise me of this.

I also take it that the stipulation of requirement regarding tour outside the state is in connection with the work of the Commission only and is not applicable to any tour outside the state for which the state Govt. is not to bear any TA/DA expense. I have mentioned this because I am required to go outside the state for attending Board of Directors' meeting as Central Govt. nominated part time non executive independent director of Balmer Lawrie & Co. It will be better to make it clear in the stipulation that the requirement is in connection with work of the commission only.

Thanking you,

Yours sincerely

(P.K.Bora)
